Village Okays CABL Annexation

PRIZES READY for top riders in the Oct. 18 American Cancer Society Bike-A-Thon were on display at the Antioch fire station, starting point for the fourth annual event. From left: Rusty Miller, 1974 top rider with $710.85; Joe Sterbenz, Antioch Bowling Lanes, Inc.; Lew Simon, The Shoe Box; Mrs. James Koppa, Antioch Community Relations Officer; Don Walsh, Walsh's All-Seasons; Marcia Starcevic, chairman of Checkpoint no. 3; Chuck Miller, sergeant and juvenile officer; Jack Wells, Chief of Police; Jim Donald, youth pastor, Evangelical Free Church, chairman of Checkpoint no. 2; Todd Maplethorpe, chief of Antioch fire department; and Pres Reckers, chairman of 1975 Lake County American Cancer Society Bike-A-Thons on 14 separate routes including Antioch Township Route 5. The bikes are being donated by the State Bank of Antioch, The Shoe Box, Walsh's All-Seasons and Antioch Bowling Lanes, Inc. Riders who earn the most money with sponsor pledges for each mile they ride will claim their new bikes. Entry blanks are available in area schools, at the police department, State Bank, The Shoe Box, Walsh's All-Seasons and Antioch Bowling Lakes, Inc.

Takes Over Swim Pool From Lions

The village of Antioch will be 155 acres bigger as a result of Monday night's village board meeting.

The trustees voted 6-0 to annex the CABL property as soon as final documents are received.

The CABL Co. has been seeking annexation for several years. The property is north of the Upper Grade School and is bordered on the east by Tiffany Road and on the north by North Ave.

Members of the CABL group were in the audience and Mayor Robert C. Wilton said:

"Welcome to the village."

The property owners include Dr. Albert Bucar, Dr. John J. Lorang, Dr. Edward Abderholden, Ted Costoff and Bob Costoff.

There are no immediate plans for developing the property, but it could have considerable future impact on the village. If developed according to the planned unit development (PUD) and subdivision ordinances, it eventually could add between 2,000 and 3,000 residents to the village.

IN ANOTHER major move Monday night, the trustees agreed to buy the local swimming pool, the Antioch Aqua Center, from the Lions Club for $1.

New Grade School Proposed

Antioch Grade School District 34 has scheduled a $1.4 million referendum for Saturday, Oct. 18.

If voters approve the proposal the district will build a new elementary school and make state-required safety improvements at the Lower Grade School and at Oakland Grade School.

The total cost would be $2,361,560, but the state has promised a grant of $961,560 if district residents vote "yes" in the referendum.

The new school, for kindergarten through fifth grade, probably would be built near the Upper Grade School. The old Channel Lake School would be closed. The state has cited its "very poor physical condition."

The total project would have a target date of completion by August of 1977.

The state legislature has established a Capital Development Board for the purpose of giving state financial assistance to public building programs, with the monies coming from sources other than property taxes, (primarily state income tax, sales tax and lottery.)

Three Antioch schools had corrections required under the Life Safety Code. Estimates amounted to: $161,758 for Channel Lake, 152,387 for Antioch and 47,240 for Oakland.

Last year there were 93 children in portable classrooms at Oakland. (This year two

WINNING A TRIP to Mexico City were Gus and Evelyn Magnesales of Wedgewood Subdivision on East Loon Lake. Making the presentation was Francis (Bud) Scichowski (right), general manager of Rittenhouse & Embree Lumber Co. Bud staged a unique contest in which 12 persons eligible for the "Grand Slam Trip for Two" were invited to a cocktail party at Antioch Country Club. A movie of a horse race was shown and each person given a horse. Evelyn Magnesales' thoroughbred came in first. The other 11 contestants also received prizes from Rittenhouse & Embree Co.

Bicentennial Ceremony Here Sunday

This is an invitation, folks:

"The Antioch Bicentennial Commission requests your presence at its American Revolution Bicentennial 'Community Designation Ceremony.' "

The event will be held just west of the village hall, by the cannon on Broadway St., at 2 p.m. Sunday.

Mayor Robert C. Wilton said at Monday night's village board meeting that state representatives and mayors of other communities will be attending.

"It will be a short, but interesting ceremony relative to our community's history," the mayor said. "We're hoping for a good turnout."

The main speaker will be Jim McMillen, former mayor of the village, and the master of ceremonies will be William E. Brook, chairman of the village's Bicentennial Commission.

The Antioch High School band will provide music and the committee is encouraging everyone in the village to attend and come dressed in a bicentennial costume.

"We'd also like them to come by horse and buggy if they want to," Mayor Wilton said.

Plan Nov. 8 Wedding

Georjanne Jo Bury, daughter of Mr. and Mrs. George Bury of rural Lake Villa, and Mr. James Mortensen, son of Mr. and Mrs. Ralph Mortensen, also of Lake Villa, plan to be married at a nuptial Mass at St. Peter's of Antioch church on Nov. 8.

The parents of the bride and groom will host a reception for the couple immediately after the marriage ceremony.

The future bride is a graduate of Antioch High School and attended St. Frances College in Fort Wayne, Ind. She is concluding her studies in nursing at the College of Lake County. Mr. Mortensen recently separated from the U.S. Army and is employed in the building trades. He is active with the Lake Villa fire department and is a member of the underwater recovery team.

HOME SAFETY QUIZ

Since most accidents occur in the home, household safety should be high on your list of family priorities.

Accordingly — here's a quick quiz to test your home safety awareness:

1. True or false — falls cause more fatalities in the home than any other kind of accident.

2. You can put out a frying pan grease fire with ordinary (a) powdered detergent; (b) flour; (c) baking soda; (d) water.

3. Where can home craftsmen get special goggles and respirators to protect eyes and lungs from workshop hazards?

4. As a rule, prescription medicines should be discarded after (a) 3 months; (b) 6 months; (c) one year; (d) the illness for which they were prescribed has passed.

5. True or false — cuts are the most common home accident.

6. What's the best way to pick up small bits and slivers of broken glass? towel.

ANSWERS: 1-T; 2-(c); 3-at their American Optical Safeline dealers, who supply safety equipment from head to toe; 4-(d); 5-T; 6-with a damp paper

BARRY GOLDWATER

Public Employees' Unions Gain Power

By SEN. BARRY GOLDWATER

One of the most serious problems in this nation is the growing power of public employes' unions.

This power is evident everywhere - at a teachers' strike in Washington, a garbage men's strike in New York or a police and firemen's walkout in San Francisco.

So grave is the situation that responsible authorities are beginning to wonder if the unions are actually in danger of taking over major American cities.

THE UNIONS have often exercised the power to force larger settlements than *communities can afford. The* situation in New York City, which is teetering on the edge of bankruptcy, is a case in point. Not only are the unions directly influencing the fiscal policy of communities where they have been mounting new demands and calling an increasing number of strikes but they are beginning to dictate municipal policy.

In some communities the unions have become the last word on school curriculum, the size of classes and similar questions directly affecting the educational system. This is

taking place without regard for the principle which says all elements of a community should have an equal voice in such matters under democratic tradition.

THE SUBJECTof labor reponsibility in public disputes has been explored by two Yale law school professors, Harry Wellington and Ralph Winter, in a book entitled "The Unions and Cities."

Among suggestions offered by the authors for curbing excessive wage demands was a municipal law to require that the terms of a union contract with public employes be submitted to a referendum vote of the community's citizens.

Some authorities have urged laws to outlaw certain kinds of strikes by public employes, especially those that would endanger the health and safety of a community's population. However, experience shows that these would be ineffective because the employes would take the law into their own hands and go on strike in spite of it.

THESE THREATS cannot be averted by statutory restrictions or legal gimmicks. What is needed is a public so aroused that mayors, city managers and other officials negotiating with public employes' unions will have to listen to what the taxpayers want rather than what the unions dictate.

Don't forget next Tuesday's big event at the Antioch Fire Department.

The second annual Old-Timers Night will be held for former members of the department. Cocktails at 6:30 and an "Oktoberfest" dinner at 7:30. When you get those firemen together, both young and old, it's feast and fun .... that's for sure.

Since I'm only coming this way once—this weekend I'm reaching for all the gusto.

Don't mean to shock you, folks, but there are no less than three Oktoberfests in town and I hope to make the scene at all three.

The Oktoberfest at the Brauhaus, in Channel Lake, lasts from Friday through Monday. Uncle Mike and His Beerbums will be there Friday and Saturday nights, a Bavarian band on Sunday and more entertainment on Monday.

What's It All About?

The Antioch Lions Club's annual "Candy Days" are coming up Friday and Saturday.

The Lions and their friends will be giving away candy and accepting donations on Friday from 11 a.m. till 7 p.m. and on Saturday from 8 a.m. till 12 noon.

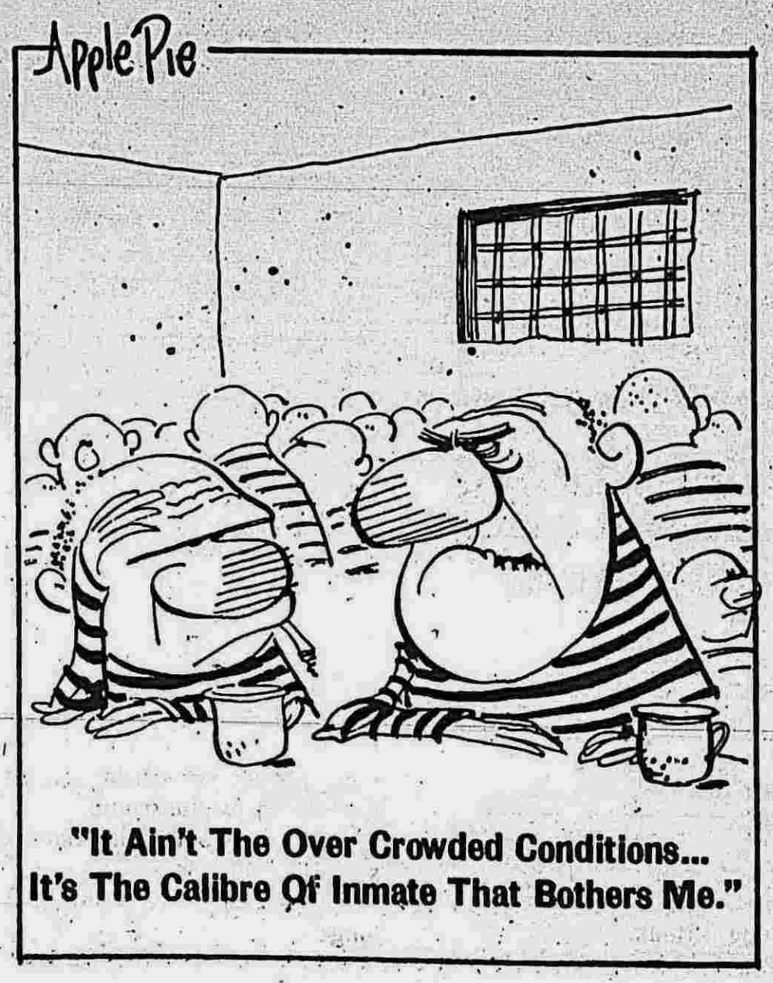

Why does a Lion stand on the corner with that familiar yellow hat and apron and a canister in his hand? Because he wants to help the blind, and prevent blindness.

What does he do with the money that clinks into the canister? It may be used to support the Lions Mobile Glaucoma Screening Unit, or to send a visually handicapped youngster to Illinois Camp Lions, or provide educational opportunities at the Hadley School for the Blind, or mobility with a Leader Dog, or provide Dialogue, a recorded magazine for the blind.

Rest assured that when you put "what you wish" into the clinking canister that the Lion holds ready, you are contributing to a cause that is worthy ...

Remember, too, that the first contribution that went into the canister was made by the Lion holding it. Last year alone, more than a million Lions voluntarily contributed their services to support more than 700,000 separate and distinct worthwhile community projects.

A lot of man-hours from a lot of pretty good guys go into the success of Lions "CANDY DAY for the BLIND!".

that drug users are getting younger. For instance, more than twice the number of 14 and 15 year olds had tried marijuana in 1974 than had tried it in 1972.

A Los Angeles psychiatrist noticed a diffent kind of change in drug use.

"There was a shift in about 1972," she said, "when young people began to appear with problems of abusing alcohol. Many of them said they experimented with other drugs, but finally found that alcohol was easier to get and there was less stigma attached to it. And parents often sanction it because they themselves drink and don't see it as quite the problem that other types of drug abuse present."

Sunday School Emphasized At Free Church

During the month of October the Antioch Evangelical Free Church is making a special effort ot introduce its Sunday School program to the people of the community.

Bus service will be increased to include Paddock Lake, Oakwood Knolls and Main St. in Antioch.

People wishing to be picked up can all the church, 395-4117, for details. The bus service will be extended to other areas if the need arises.

The church's Sunday School department provides Bible study, and instruction and discussion classes for all age groups. There are three adult classes, two high school classes, a college class, plus grade school and nursery classes.

Nurseries are provided for parents wishing to attend Sunday School classes as well as morning worship.

Special Sunday School programs are planned for each Sunday this month, with the objective of introducing and interesting more people in regular, systematic Bible study. Sunday School begins at 9:45 a.m.

First-Class Mail To Move Faster

A first-class mail service "improvement program" will go into effect at the Antioch post office Saturday, Postmaster Walter Barnas said today.

Under the program, firstclass mail will receive service that is equal to or better than airmail.

The new step will extend to all first-class mail weighing 13 ounces or less.

"In practical terms, what this service improvement means is that domestic first-class postage now will purchase the level of service that previously only airmail could buy," said Postmaster Barnas.

"Under the new program, there no longer will be an advantage in purchasing airmail postage for domestic delivery," he said.

Priority mail (now starting at weight in excess of 13 ounces), which includes air parcel service, and international airmail are unaffected by the improvement program and continue in their present form, the postmaster said.

"Airmail stamps will be sold for use on priority and international airmail. They can also be used in various combinations with other stamps for first-class mail," he said.

Customers can exchange airmail stamps, and stamped envelopes and cards at full postage value for ordinary stamps.

'Historical Hop' Is This Weekend

Plans were being completed this week for the Historical Hop, a Bicentennial Ball to be held at Lorenz's Smart Country House on Saturday night, 8:30 o'clock.

The event is being given by the Antioch Mental Health Association. Those attending are being encouraged to wear costumes from any period in history, although costumes are not required.

There will be prizes for the best costumes. Phyllis McMillen and Jo Anne Larsen will be the judges, along with Mrs. Dean Jones of Round Lake.

First prize will be a set of commemorative plates from Pickard China. The prize will be awarded to the couple with the most authentic costumes from any period in history.

Second prize will be a Martha Washington Bicentennial Jim Beam bottle, containing 200-month-old whiskey and donated by Regal China.

Third prize will be a gold medallion, for the lady with the outstanding costume from any period in history.

A tankard will be presented to the man with the outstanding costume.

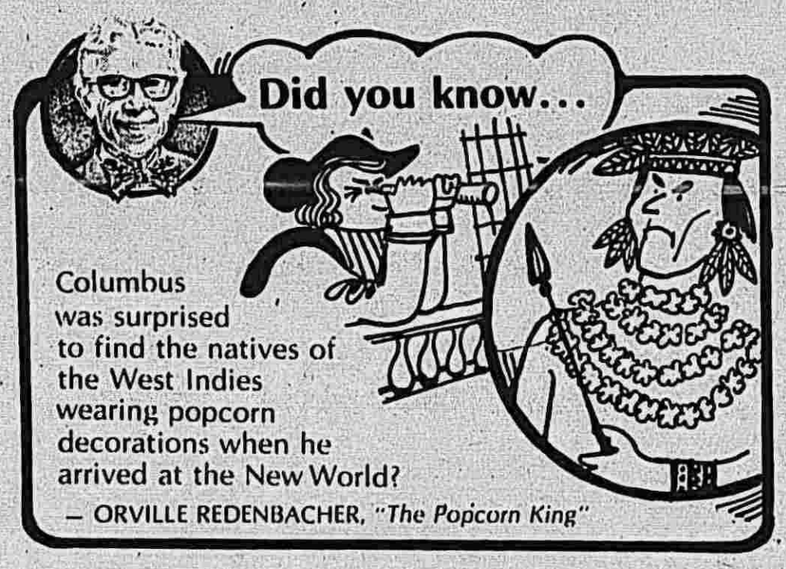

Music will be by Dr. Rosen of Waukegan and there will be a buffet at 11:30 p.m.

Tickets are available at $7 each from the State Bank of Antioch, the First National Bank, the Thrift Shop, or by calling Mrs. Philip Cirone at 395-0628.

Costumes can be rented at Barnes-Lorber Costume Co., 3800 W. Wisconsin Ave. in Milwaukee.

READY FOR SATURDAY night's "Historical Hop" is Ann St. Pierre, a member of the sponsoring Antioch Mental Health Association. Ann borrowed this costume from Phyllis McMillen.

AMONG THE STARS in PM&L Theatre's comedy, "The Man Who Came to Dinner," will be Pat Jamison (left) and Josef Hunley. The Play opens Saturday night in downtown Antioch.

Comedy Opens Season

The audience assembles, the house lights dim, and the curtain goes up on PM&L's Season 15 when "The Man Who Came to Dinner" opens on the PM&L Stage, 877 Main St., Antioch, this Saturday.

Following dates are Oct. 17, 18, 25 and 26. Curtain time is 8:30 p.m.

Valerie Hunley from Antioch directs a large cast in this comedy favorite by Moss Hart and George S. Kaufman. The cast comes from a wide area including Paddock Lake and Wilmot Wis., Lake Zurich, Ingleside, Fox Lake, McHenry, Lake Villa, Lindenhurst and Antioch. A boys chorus comes from the St. Mary's school at Fremont.

Josef Hunley stars as Sheridan Whiteside. Mary Chris LaKome and Gary Richter hold the romantic leads. The Stanley family includes Betty Beveroth, Bob Lindblad, Wanda Springer, Mike Shapiro, and Dee Baum.

The butler is George Blanksten and the cook is Gerri Duncan. Interesting characters parts are played by Pat Jamison, Don MacKenzie, Al Bucar, Debbie Blanksten, Donatelle, Ken Smouse and Don Beveroth.

Other members of the cast are Tom Mangelsdorf, Todd Seisser, Vernon Cubberly, Larry Bersie, John Denk, Tom Duncan, Rich Irmen and Betty Smouse.

Box office ticket prices are $2.25 for adults and $1 for students. Season tickets are still on sale for $10 for five shows. Please reserve your seats early by calling 395-3055. Seating is limited and cannot be guaranteed without a reservation.

ANTIOCH FIREMEN fought a blaze for 2½ hours at about midnight Sunday on Waters Rd. at Channel Lake. A small barn filled with hay was totally destroyed. Four Antioch trucks were on the scene and they called for help from two Trevor fire trucks. Two other buildings and a camper were saved. The firemen poured an estimated 16,000 gallons of water on the blaze, pumping it from Channel Lake. (Paul Maplethorpe photo.)

4-H News

The Sequoit Warriors plan an organization meeting later this month. Jeff Harris, spokesman for the group, said a date will be announced soon.

Observing National 4-H Week, the Warriors have a display at the First National Bank, showing items that members entered in arts and crafts, foods and woodburning at the Lake County Fair.

The club participated in soda pop sales at the fair and also helped with the small animal zoo. The Warriors' leader is Carolyn Van Patten and the junior leader is Diana Rentner.

THE OLD FARMER'S ALMANAC

OCT. 13-19, 1975

Colder growing, leaves are blowing.

Prune your grapevines now . . . Al Capone convicted of tax evasion Oct. 17, 1931 . . . Geese fly south this week . . . Average length of days for week, 11 hours, 1 minute . . . Old Farmer's Almanac began this week in 1792 . . . Columbus Day Oct. 13 . . . Barometer invented this week in 1644 . . . Mata Hari executed Oct. 15, 1917 . . . Sockeye Salmon head home this week . . . If not ruled by rudder you will be by the rock.

Old Farmer's Riddle: Why are fish so smart? (Answer below.)

Ask the Old Farmer: Some 60-odd years ago, a national magazine carried a story of a man named Knowles who set out to prove that he could fend for himself with nothing but his bare body. He was taken deep into the woods in northern Maine, where he lived on edible berries, caught fish with his bare hands, covered his body with animal skins, etc. Was there any truth to this story? N.S., Schenectady, N.Y.

We remember, and Knowles claimed he did it, but there was a rumor that someone slipped into the woods and brought him grub and blankets.

Home Hints: To slice fresh bread or cake, heat the knife in hot water, and dry it quickly before cutting . . . *Riddle answer:* Because they travel in schools.

OLD FARMER'S WEATHER FORECASTS

New England: Cold snap through midweek, then much warmer; week ends with showers.

Greater New York-New Jersey: Early week showery and turning much cooler; clear and warmer latter part.

Middle Atlantic Coastal: Rain in central and north through midweek and cooler; rest of week generally clear.

Piedmont & Southeast Coastal: Clear and hot to start, then rainy and cooler; latter part clear and warm.

Florida: Cloudy and rainy in south all week; rain in central and north midweek.

Upstate & Western N.Y.-Toronto & Montreal: Still showery to start, then clear and cool through midweek; weekend brings light showers.

Greater Ohio Valley: Rain at first, then clearing and much colder; week ends with rain.

Deep South: Showers to start, then clearing and cool by midweek; warm weekend.

Chicago & Southern Great Lakes: Rain ends, then clear and mild; rain latter part, very heavy in the west.

Northern Great Plains-Great Lakes: Clearing and cold first part of week; rain in central and east from midweek.

Central Great Plains: Rainy through midweek in north and west, heavy rain in east, and hail in central on weekend.

Texas-Oklahoma: Week begins with rain, then sunny and hot through weekend.

Rocky Mountain: Partly cloudy early week, then rain in north, light showers in central and south.

Southwest Desert: Week begins with heavy rain in east, partly cloudy in west; rest of week clear and hot.

Pacific Northwest: Entire week generally cloudy, with rain in north midweek and in south by the weekend.

California: Some light rain in north, then clearing; clear and cool in south latter part.

pool for 20 years, but in recent meetings it was decided that the village might be able to operate it at lower maintenance costs.

Trustee Diane(Willie) Kasik had been asked to check with township officials to see if they would share maintenance expenses. She said she learned that township money for the next three years is tied up for construction of a new township building.

Trustee Mike Haley said he was "surprised that the township would treat this so lightly. A lot of Antioch township children use that pool and have learned to swim there."

Village Clerk Marilyn Sterbenz mentioned that some communities charge different prices for services rendered to persons living outside of village limits.

TWO PETITIONS for rezoning from "residential" to "business" were turned down by the board, each by a vote of 4 to 2. Trustees J.Irving Walsh and Mrs. Kasik voted for the rezoning.

One concerned a house at 1034 S. Main St., where Arnold Schulmeister petitioned to operate a hair style shop for men and women with rental of an upstairs apartment.

The other petition was by Dr. Edward Warner, who asked to use the residence at 602 Main Street as a dental office or clinic.

Dr. Warner and Mr. Schulmeister still have the possibility of seeking special use permits, rather than rezoning.

TRUSTEE HALEY reported that the Sequoit Creek enclosure project is about half finished and "going along quite well."

"The contractor is taking great pains," he said, "to insure that the least amount of damage is done to the environment. The enclosure will greatly improve our capability of handling storm water."

Haley said there may be a "brief inconvenience" later this week when the street is cut open and one-way traffic becomes temporarily necessary.

HALEY ALSO mentioned that "Village Clean-Up Week" ends Friday at 4 p.m.

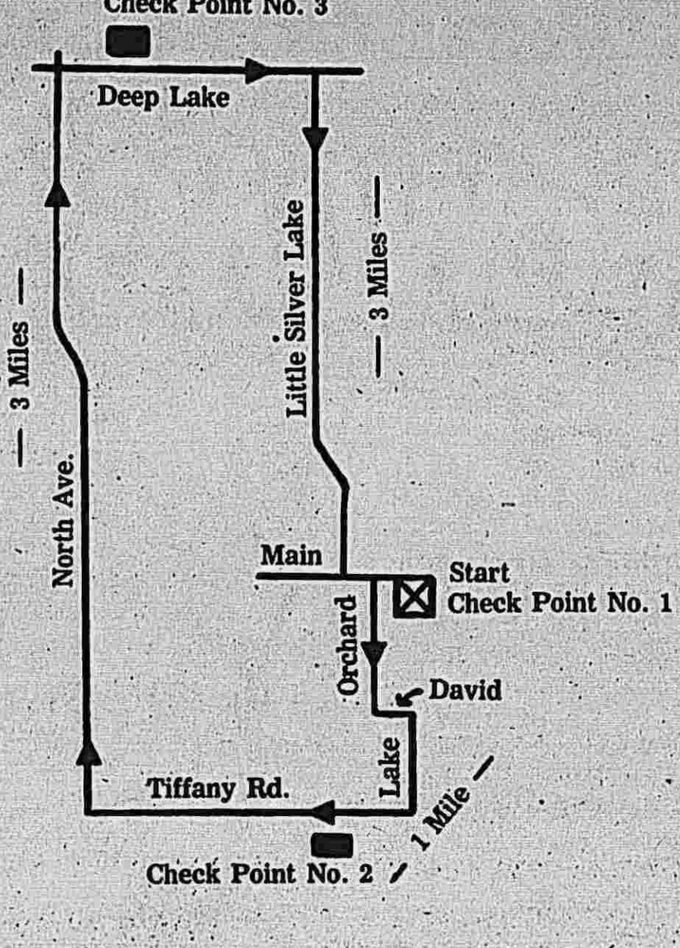

"If people put things on the curb after that," he said, "it's going to be a long time before they are picked up. Our next clean-up week won't be until next spring."

Trustee Walsh said there have been more complaints of restaurant violations and that the village health committee will look into them.

Mr. Walsh also said that he had a report of "no heat" in a building in the business district on the east side of Main St., and the presence of rats behind the building. He said he contacted the owner, who said the situation would be remedied.

Bike-A-Thon

Continued from page 1

Participants are encouraged to ride the Antioch route as many times as they are able, but no one may pass through checkpoint one at the fire department after 3 p.m.

The Bike-A-Thon starts at 10 and may begin only from the first checkpoint at the fire department. Other checkpoints are the Antioch Evangelical Free Church and the Atwood residence on Deep Lake Road, south on North Ave.

THOSE WISHING to participate should obtain as many sponsors as possible prior to the ride date.

Parents, teachers, friends, relatives, neighbors, merchants, businesses, etc., are good sources and they may be asked to sponsor riders for each mile they ride. For instance, a good starting pledge would be a dime a mile and many sponsors in past Bike-A-Thons have paid more per mile.

Riders may also carry a small passenger during the ride, and sponsors for this little one may also be obtained.

Last year's winning Bike-A-Thon riders were Rusty Miller, first prize with $710.85; Robert J. Barnes, Jr. with $670.70; Eugene Zannini, Jr. with $565; and Glenda Hurt, with $143.53 in the Nov. 8 to Dec. 12 report of proceeds.

Chairman Reckers credits the successes of past Bike-A-Thons to real community effort and personal involvement of many interested citizens, making the 1974 Lake County Bike-A-Thon the most successful ever held in the United States. He says confidently, "We can do it again, and I have no doubt that we will!"

Ice cream is easier to serve if it is transferred from the frozen food compartment to the refrigerator shortly before serving: about 10 minutes per pint.

A NATIONAL FIRE PREVENTION WEEK WARNING

FIRE PREVENTION IS YOUR JOB TOO

Do your part by observing these simple safety rules...

1. A HOT TIP!

A cigarette burns at 1,325 degrees, so next time you casually throw away that "Butt," be sure it's out!

2. PENNIES TO HEAVEN!

Fuses are for your protection. Under NO circumstances should you ever place pennies behind fuses!

3. NO SQUEEZING!

Do not place electric cords in door jambs. Squeezing cords like this will break their protective covering.

4. SURE HOT FOOT!

Never run cords under rugs. They become worn quickly and you are not aware of their dangerous condition.

5. WHOOSH!

Don't leave oily rags in a pile. Keep greasy rags in a metal container to prevent dangerous combustion.

6. HANDY HELP!

Keep fire extinguishers in good working order and place extinguishers in vital spots where they are ready to use.

7. ONE DOLLAR!

Will buy ten thousand matches but ONE MATCH can destroy your family. Keep matches out of the reach of children.

FIRE PREVENTION WEEK

✔REMOVE HAZARDS
✔MAKE ESCAPE PLANS
✔BE PREPARED

Today, as never before, firemen need your help.

Approximately 1400 homes burn each day in the United States. Every year, almost 12,000 people die as a result of fire. Most of these fires could be prevented. Most of the lives lost to fire could be spared. But to prevent the tragic loss of lives and property, your fire department needs your support.

The fireman of today is better equipped, better trained, more professional and dedicated than ever before. But he needs your help. The prevention of fire is not just the responsibility of firemen—it is the duty of every person in the community. Fire prevention is your responsibility.

You can help. How? Start by eliminating fire hazards in your home and by preparing your family for a fire emergency. Know how to get out of a burning home quickly and safely. Know how to call your fire department.

Visit your local fire station. Your firemen will gladly help you devise a fire prevention plan for your home. They'll help you look for, and eliminate, home fire hazards. Get to know the men whose profession is protecting your family from the danger of fire.

You'll sleep better each night with the knowledge that you have taken all possible measures to eliminate the danger of fire in your home. And if fire should strike —and you know what to do—you may spare your family the tragedy too often experienced by others as a result of fire.

ARIES [March 21 - April 19] — Concentrate on building stronger ties with people you are in close contact with. Teamwork is necessary for business and professional endeavors.

TAURUS [April 20 - May 20] — As employment interests tend to take up the majority of your time see that you do your very best work. Superiors are more willing to give their attention.

GEMINI [May 21 - June 21] — Don't risk money on unsound schemes; check out all the angles thoroughly before doing any speculating. Creative work should be encouraged as artistic talents are at their peak.

CANCER [June 22 - July 21] — Pay more attention to the advice an older person has to give. You gain more now by laying a firmer foundation for the future, but solve pending matters first.

LEO [July 22 - August 21] — You are more apt to be outspoken when voicing your own opinion. Try to be tactful as other people may have delicate feelings on certain issues. Keep emotions out of business affairs.

VIRGO [August 22 - September 22] — As accent continues to spotlight on money affairs you should re-evaluate your financial position and see where improvements can be made.

LIBRA [September 23 - October 22] — Accept duties which demand your leadership abilities. You can solve problem and cope with most situations easily as beneficial aspects continue.

SCORPIO [October 23 - November 21] — Give more consideration to private matters before embarking on new undertakings. Self-analysis can help you to gain insight into your own difficulties.

SAGITTARIUS [November 22 - December 20] — Don't ignore old friends as new interests tend to demand more of your time. Try to budget wisely and listen to the partner's advice regarding contractural agreements.

CAPRICORN [December 21 - January 20] — Influential people play an important role in your work pattern now. Try to stay on the good side of superiors as you concentrate on doing your best work.

AQUARIUS [January 21 - February 19] — Unfinished tasks deserve your attention first. Being involved in additional vocational training can provide excellent long range potential.

PISCES [February 20 - March 20] — Take as much time as needed when considering investments. You tend to be more possessive of resources now so establish a good relationship with person you share interests with.

History Comes Alive In Farm Museums

The Living History Farms in Des Moines, Iowa were recently designated as national Bicentennial projects by the American Revolution Bicentennial Administration.

They are three farm museums representing the past, present and future of American agriculture. Pioneer Farm of 1840, Farm of 1900 and Farm of the Future are designed to give visitors a better understanding of the progress which has occurred in farming since the days of 1776.

Through a grant from the National Science Foundation, Living History Farms will now also exhibit what science and technology have contributed to the development of farming.

Approximately 5,400 lives were lost in home fires during 1973. Having the proper fire extinguisher, knowing how to use it, and when not to use it are important in safeguarding your household, according to the National Safety Council.

If you use a portable electric heater in your home, the U.S. Department of Agriculture warns you to use only the cord made especially for that appliance. Using wire too small to handle the load causes a fire hazard.

'Court Observance' Activities Planned

President Gerald Ford has proclaimed next week, Oct. 12 to 18, as National Legal Secretaries Court Observance Week.

As part of the event the Lake County Legal Secretaries Association has scheduled "court observance" activities next Wednesday, Oct. 15.

MAYOR ROBERT Sabonjian of Waukegan (seated) proclaimed next week to be "National Legal Secretaries' Court Observance Week." Attending the ceremonies were Jeanne Farnsworth of Antioch (right) and (behind Sabonjian) Richard Finn, president of the Lake County Bar Association.

The president of the association, Jeanne Farnsworth, who is secretary for Atty. F. James Lumber of Antioch, has urged legal secretaries, legal assistants, students and the general public to attend.

A criminal and civil mock trail will be held in separate court rooms at the Courthouse building in Waukegan. Each trail will begin at 1:30 p.m. and will have closing arguments at approximately 4 p.m.

While the jury is out for deliberation, there will be a question and answer period. Area attorneys have prepared the trial case situation and, along with other attorneys and secretaries, will participate in its presentation. The jury will be made up of students from area high schools.

BICENTENNIAL BYPATHS

In August, 1775, George Washington wrote to Gen. Philip Schuyler, Commander at Ticonderoga, asking his advice about a proposed plan to send troops into Canada, from

Maine, by way of the Kennebec River, to Quebec. Schuyler responded favorably and Washington selected Benedict Arnold as head of the proposed expedition.

VAL AND DALE'S "Ahoy Mate" is a delightful spot for food and entertainment, thanks to Dale (left), the singing chef; Valerie Gracyas, a vocalist who has made many big-time appearances, and her son Mickey, who does a remarkable impression of Elvis Presley. They're planning their Oktoberfest Friday, Saturday and Sunday.

Happenings around the community

The Grass Lake PTO is having a rummage and bake sale Saturday, Oct. 25, 9 a.m. to 4 p.m., and Sunday, Oct. 26, from 11 to 3.

A special feature will be a plant corner.

People wishing to donate items can call 395-2894 or 395-6732.

THE NOTED French composer of religious music, Lucien Deiss, will conduct a liturgy workshop in Kenosha Saturday.

He will be assisted by Gloria Gabriel Weyman of Cincinnati, an internationally-known authority on sacred dance.

The day-long workshop is being sponsored by St. James Catholic Church, but is considered an ecumenical event because Deiss hymns are sung and music played in churches of many denominations.

Deiss, who serves as a Catholic priest in Paris, composed "Priestly People," "All the Earth" and "Keep in Mind," all familiar modern hymns, and he wrote the book "Spirit and Song of the New Liturgy."

Anyone interested in attending the workshop should contact Mrs. Bernice (James) King, 2320 43rd St., in Kenosha for reservations.

Field Hockey Loses Ties and Wins

The Antioch High School girls field-hockey team suffered its only loss of the season at Grant. The final score was 1 - 0, but would have been higher if the Antioch defense, led by goalie Margaret Bessette, hadn't done an excellent job. Margaret had a total of 10 saves, some on shots at close range.

Antioch tied league-leading Woodstock 1-1. Antioch scored in the first half and Woodstock in the second. Antioch's only goal was by leading scorer Kathy Murphy.

Wednesday, Oct. 1, Antioch traveled to Grayslake and won 1-0. Another fine effort by Margaret Bessette saved the game, coaches said. The offense played well, but the only score was by Kathy Murphy.

Antioch's next and last home game is today against Grant at 4:30 p.m.

Sequoits Are 4-1 and Rank 2nd

But They Face More Tough Foes

Antioch's surprising Sequoits are all alone in second place in the Northwest Suburban football conference.

If you had taken $1,000 five weeks ago and bet that it would happen, you probably would have $100,000 today.

But this isn't horse racing, this is football - and Coach Roy Nelson's Sequoits are playing it like near-champions.

Grant High's Bulldogs lead the 10-team league with a 5-0 record. Antioch, with a delightful display of offensive strength, whipped Round Lake 41-20 last week and now has a 4-1 record.

ANTIOCH HAD been tied for second with Warren and Stevenson, but both were knocked off last weekend.

Before the season began Coach Nelson and his hard-working assistants, Steve Wapon and Ted DeRousse, picked their team to finish fifth. Other "experts" looked at Antioch's 1-8 record of last year and couldn't even imagine a fifth-place finish.

But today the Sequoits are looking forward to a Friday night, Oct. 24, clash at Grant which could gain them at least a share of the conference championship.

Hey but wait! It won't be that easy. First, Antioch has to beat two more tough opponents.

This Saturday it's Warren's Blue Devils at 2 p.m. in Gurnee. The following Saturday it's a rugged Homecoming assignment against Lake Zurich.

Warren, Lake Zurich and Grant were among the pre-season favorites, along with Wauconda, which folded up completely.

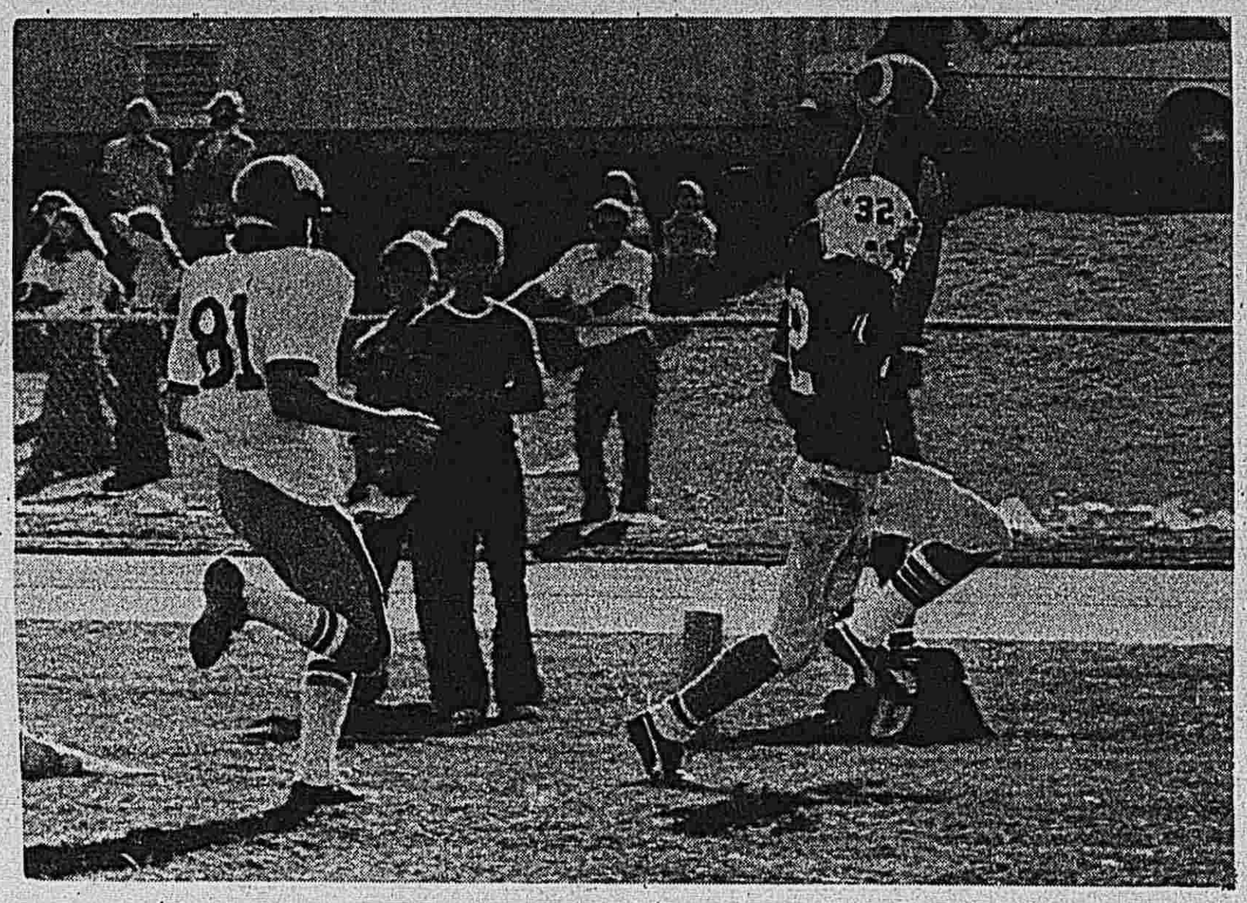

SO LET'S look at Warren, this Saturday's challenge. The Bulldogs were trimmed 34-7 by Grant last week. And somehow they were stunned 14-0 by Cary-Grove in their opener. (Antioch beat Cary-Grove 19-0).

In between those losses, however, Warren has a nifty record. The Blue Devils beat Round Lake 27-0, Grayslake 33-0 and Lake Zurich 12-6.

So Antioch and Warren enter Saturday's game on even terms. Two teams that can shock the heck out of opponents.

A FLOCK of white-shirted Round Lake defenders move in to stop Antioch's Tim Sheppard as he roars for yardage behind good blocking.

ANTIOCH'S DAVE MOORE raises football as he crosses goal on one of his four touchdown runs last Saturday. Moore had a field day, gaining 172 yards in 23 carries.

Round Lake Flogged 41-20

Antioch led all the way against Round Lake. Paul Petty's 5-yard TD run and Dick Kessler's kick gave the Sequoits a 7-0 lead in the first quarter.

Dave Moore scored the first of his four touchdowns in the second quarter and the Sequoits had a 14-0 lead.

Round Lake got back in the game, however, closing the gap to 14-8 ... and Antioch's lead looked shaky.

But the turning point came with 30 seconds left in the first half when Tom McAvoy intercepted a pass and ran 17 yards for a TD. Kessler's kick made it 21-8 at halftime.

Round Lake fought back in the third quarter, making it 21-14, but the Sequoits began pulling away in the final period.

Moore ran 5 yards and 44 yards for touchdowns, and then concluded the scoring with a 3-yard touchdown run.

MOORE HAD an exceptional game, piling up 172 yards in 23 carries. His running mate Tim Sheppard, was effective again, too, gaining 62 yards in 13 carries.

Antioch didn't have to do much passing.

"When your running game is going, why put the ball in the air?" asked Coach Nelson.

"Besides," he said, "Round Lake had respect for our passing game, from Jon Bodin to Chris Boarini. They had a guy just about sitting in Boarini's pocket all afternoon."

Nelson said it was a good game for Antioch's offensive team and that the defense played well, too, except for a few mistakes.

The coach singled out Doug Schreiber, Don Norwick, Sheppard, Rich Coles, John Kakacek, Rich Dauck and several others.

IN FOOTBALL CONTEST

Mary Jane Huebner Wins Top Prize

Participants in the Antioch News football contest sure had the Round Lake game figured correctly.

Three picked Antioch to win by 21 points and that's what the Sequoits did - the score was 41-20.

Two others picked Antioch by 20 and two said the Sequoits would win by 22

THE THREE who tied by guessing 21 were Mary Jane Huebner, Ronnie Jackson and Rodger Kruse.

To determine the prizes, the

tie-breaker had to be used. The Chicago Bears lost to the Minnesota Vikings by 25 points. Mary Jane predicted the Bears would lose by 14, so she wins first prize, a $15 savings account at the First National Bank of Antioch.

Ronnie picked the Vikings by 13 and wins second prize, a $10 gift certificate at Andre's Steak House in Richmond.

Rodger picked the Vikings by 10 points and wins a $5 gift certificate at the Piggy Bank Discount Store.

Picking Antioch by 20 points were George Boyd and David Busscher. Forecasting a 22-point win for Antioch were Harry Stewart (who won the contest a couple of weeks ago) and Steve Pilcher.

ANOTHER football contest appears in today's paper. Be sure to enter before Saturday's 2 p.m. kickoff. All you have to do is forecast the Antioch-Warren game and the Bears-Lions game.

Now that's easy, isn't it?

Lake Geneva Racer Hurt In Crash

Johnny Baumeister, Burlington, won a photo-finish over fast-time qualifier Wayne Lensing, Rockford, in Sunday afternoon stock car action at the Lake Geneva Raceway.

Driver Gary Adams, McHenry, was injured and taken to the hospital in Elkhorn following a double flip in his car during the final lap of a 10-lap heat race.

Adams had been running second and cut down on the inside of Gary Weise, Twin Lakes, and then both cars collided and headed toward the wall. As Weise's car hit the wall it sent Adams' car flipping in a series that left him unconscious until revived by track emergency crews. He walked to the ambulance but declined the initial offer to be taken to the hospital and later decided the trip was necessary.

Although not expected, six late model stock cars showed up and ran in two races won by Jack Ester, Antioch.

In one-on-one Grandstand Racers' action, where fans race their passenger cars for just one lap against one other car, Mike Pipo, Mundelein, was the overall winner.

More one-on-one racing, plus the sportsman and spectator stocks will be racing next Sunday and the following Sunday before action ends for 1975.

Gates open at 1:30 with time trials at 2:30.

Sequoit Frosh Are (Wow!) 5-0

Antioch's future football prospects appear bright if the current freshman crop continues to improve.

Coach Gerry Sandberg's frosh are sporting a 5-0 record after beating Woodstock 22-12, Stevenson 8-0, Wauconda 12-0, Cary-Grove 38-6 and Round Lake 40-6.

This Friday's game with Warren could be an indicator of which freshman team will finish with a 9-0 record. Warren's frosh also are unbeaten in five games.

Sandberg has 48 players on his Antioch squad and said the boys are putting in "many long, hard hours to achieve their success."

Offensive starters include Mike Lischewski at quarterback, Gene Lehn, Greg Bodin and John Palmeri at running backs, and Chris Oddsen, Scott Schroeder and Dan Crichton at ends.

The line includes Dwayne Buszta, Steve Kelly, Kirk Sarmont, Jeff Thiel, Scott Gallagher and Dave Aschbacher.

Additional starters on defense include Darren Houghton, Lino Alteri, Roger Plechaty, Andy Dziki and Tony Frook.

Sandberg said he expects the team to finish with an excellent won-lost record, but added that he doesn't feel the players will be satisfied unless they continue to win every game.

"They feel that they can," the coach said.

Golfers Lose 2, Houghton Shoots a 37

The Antioch High School golf team triumphed in only one of its three matches last week.

The Sequoits now have a 3-3 record in the conference and are 6-6 overall.

They were scheduled to host Grant today, and Friday they will compete in the district tournament at McHenry Country Club.

Antioch's first loss last week was to Cary-Grove, by nine strokes, at Spring Valley Country Club. Two Cary players shot 38s while Pat Houghton, a junior and Steve Hartokolis led Antioch With 41s.

Antioch won the junior varsity match, boosting its record to 5-1. John Eder was low scorer with a 42.

Antioch's varsity upset Zion-Benton by two strokes at Shilo Park. Houghton was medalist with a 37, two over par, and sophomore Keith Rezin shot a 40.

North Chicago beat the Sequoit varsity by 13 shots in a match at Foss Park. Houghton had a 40 for Antioch and freshman Chuck Gleason a 41. Antioch's jayvees lost but Jim Christiansen shot a 40.

Antioch Sophs Really Rolling

Antioch High's sophomore football team got its offense rolling against Round Lake and stormed to a 32-6 win.

The future Sequoits piled up 401 yards in total offense - 263 by rushing. They also rang up 19 first downs.

"This game was by far the best offensive effort of the season," said Coach Bruce Bartosz.

Kenn Rosenbrock scored three touchdowns while carring the ball 16 times for 132 yards. His scores came on dashes of 5, 19 and 34 yards.

Tom Huebner carried 16 times for 94 yards and set up two of Rosenbrock's touchdowns

Jim Crutchfield also fared well in his first appearance on offense, gaining 43 yards in five tries.

Brian Andrews passed for 138 yards, completing five of 10 tosses. He clicked with Tim Huebner on a 58-yard TD play. Huebner also caught passes for gains of 11 and 21 yards.

Defensively, the sophomores held Round Lake to a total of 21 yards in the first three quarters, but relaxed in the fourth quarter and gave up 99 yards, including a 63-yard pass play that set up Round Lake's touchdown.

Bartosz said that "performances worth mentioning also came from Scott Smith; Rick Motley, who recovered a fumble for TD; Al Roth and Jeff Mulder.

The Antioch sophs play an undefeated Warren team at 12 noon Saturday, at Warren.

Runners To Defend Title

Antioch High School's cross-country team will defend its championship Saturday in the Mundelein Invitational meet.

As a warmup, the Sequoits will run at Grayslake Thursday in a three-way romp which also included Lake Zurich.

Last week Antioch lost 18-41 to a tough McHenry team, which took the first three places. Bob Dubek of Antioch was fourth and Dave Walpole sixth.

Last Saturday, in the Lake County meet at Mundelein, the Sequoits finished 11th among 19 schools. Deerfield won easily with 40 points, followed by Mundelein with 104.

Dubek led Antioch by placing 24th. He and the other Antioch runners, Harland, John Kaminski, Dave Walpole, Ken Little, Ed Sankey and Ron Gossman, all turned in their fastest times of the season.

Vikings Lose, PeeWees Tie

Antioch's Viking football teams lost to rivals from Highland Park Sunday.

The Lightweights were beaten 14-0 after playing a scoreless tie until the last seven minutes, when Highland Park pushed for two touchdowns and added a safety.

Procedure penalties hurt Antioch in the first half, nullifying some long gains.

The Heavyweights lost a 7-2 decision despite a good defensive showing. Highland Park's only score came on a 58-yard run off tackle.

The Viking PeeWees played Gagewood to a 6-6 tie. Bob Thain scored Antioch's touchdown on a 52 yard reverse, and he also made two interceptions on defense.

A wise man drives as though his insurance had just expired.

Cross-Country Meet Is Set

The 5th annual grade school cross-country meet will be held Thursday, Oct. 16, at the Antioch High School athletic field.

Anyone in the sixth, seventh and eighth grades can enter. The races will begin at 4 p.m. and ribbons will be awarded to the top 10 finishers in each grade.

Sixth graders will run three-fourths of a mile, seventh graders a mile, and eighth graders a mile and a quarter.

The meet is open to all grade schools that feed students to Antioch High School.

The Antioch High School Sequoit Marching Band

Band To Perform At Northwestern

The Antioch High School Marching Sequoit Band, under the direction of Mr. John Olisar, has accepted an invitation from Northwestern University to appear on its Evanston Campus for its 19th annual High School Band Day on Saturday.

The band will join some 5,000 other teenage musicians who will travel from 60 Illinois high schools to present a spectacular and colorful halftime show during the intermission of the Northwestern - Indiana football game before an anticipated crowd of 40,000.

Invitations were sent out in April and preparations began soon after. The Antioch band has spent the last two weeks in special music and marching rehearsal and will travel by bus to Evanston on the moring of the game. Band members, directors and chaperones will be the guests of Northwestern for the entire day.

A morning practice session will be devoted to intensive music and marching rehearsal with the 5,000 musicians. This will be followed by a special show for the high school bands presented by the 190-piece Northwestern Wildcat Marching Band.

In addition, one or more members from the Northwestern band will be personal guides and hosts for each high school.

High School Band Day was originated in 1955 at Northwestern. John P. Paynter, director of bands, will conduct the massed bands in a program of "Liberty Bell March" by John Philip Sousa, "Makin' Whoopee," and a Bicentennial medley arranged by Paynter.

Emmons Wins, Blanks Rivals

The Emmons grade school football team scored two impressive victories, defeating Lotus 32-0 and Newport 22-0.

Scoring touchdowns against Lotus were Steve Sheedlo, Bill Buckmaster, Mike O'Brien, Chris Kempski and Greg Schroeder. Schroeder's TD came on a pass from Kempski.

Coaches praised the defensive play of Dan Johnson and Buckmaster.

Newport stifled Emmons' powerful ground game, so the local team went to the air as Kempski completed touchdown passes to Kurt Selak, Schroeder and O'Brien. Kempski also tackled the Newport quarterback for a safety. Selak had four pass receptions in all.

Emmons now has three wins and eight straight shutouts over two years.

COMMENTARY

State Treasurer Alan J. Dixon Monday announced his candidacy for the Democratic nomination for governor of Illinois. That means you'll be seeing this "trademark" all over the state.

ALAN J. DIXON for GOVERNOR

In announcing his candidacy, these were some of the interesting comments Dixon made:

"An unprecedented array of problems face our state today. Virtually every one of our vital challenges this time are traceable back to only one element: money. Our health, our environment, our homes, our schools, our jobs, our futures...are all tied more tightly than ever before to the dollar.

"Once in the forefront of economic growth, out state has fallen far behind in the pack in almost every key measurement, from gross state product, to personal income, to new industry, to unemployment. We're losing the dollar race - and whether we like it or not, dollars are the lifeblood of a healthy community.

"Economic stagnation, malignant inflation and thoughtless public spending have all eaten away our capacity to meet our critical needs - to have enough to pay our policemen to protect us...to pay our teachers to keep our schools open....to pay for the care of our less fortunate thousands...and to maintain our cities and towns. More taxes are emphatically not the answer. Good fiscal management is part of the answer.

"After working hard to help elect our present governor, swallowing totally the promises and hope he offered us so eloquently, I waited in vain for solutions to come. They never came. Our problems only worsened. Eloquence was never translated into energy and ideas. With each passing month in office, he became not only a more bitter disappointment to me and to the party that worked to elect him, but to the people of Illinois, whose hopes are less fulfilled today than when they voted him into office. Finally, this year, the Democratic Party walked away from him in disgust, although he'd rather have you believe that he walked away from the party. A leadership vacuum existed. I was asked to fill that vacuum. I was asked not by the mayor of Chicago -- as our governor would have you believe -- but by people from every corner of this state."

Gov. Dan Walker wants to debate Dixon on their differences. We can hardly wait to hear the match.

Two new ways to save taxes

If you're not covered by a qualified pension plan where you work, a new law lets you set aside up to $1500 a year in a tax-deferred Individual Retirement Account (IRA).

If you're self-employed, you can put aside up to $7500 a year in your own tax-deferred Keogh HR-10 retirement plan.

You don't pay federal income taxes on the funds set aside in these plans until you retire. But your plan must comply with the requirements of the new law.

Democrats Look For Candidates

The Candidate's Search Committee of the Lake County Democratic Party will hold its next meeting Wednesday night, Oct. 15 at the VFW Hall, 1701 22nd St., North Chicago.

The committee is seeking candidates for U.S.Representative in the 12th and 13th congressional districts, state's attorney, auditor, coroner, recorder of deeds and circuit court clerk. These offices are all presently held by Republicans.

The committee is also seeking a state senatorial candidate and two state representative candidates for the 32nd District. Incumbent Daniel Pierce (D-32nd) is seeking state-wide office. However, if he is not slated by the state Central Committee, he is expected to stand for re-election in the 32nd, in which case the county committee will be seeking only a running mate for him. State Rep. John Matijevich (D-31st) is expected to seek re-election, so the committee is also looking for a running mate to campaign with him.

Our Furry Friends Made Funny Money

Among the odd forms of currency once used in America were woodpecker scalps, used by the Yurak and Karock Indians of Northern California, beaver skins, used by settlers and Indians in various parts of North America and gopher tails.

According to an article in Cincinnati Bell's employe magazine, the *Bulletin*, gopher tails were used as currency in many areas even in this century. Their value was based on the bounty paid by counties for killing them. Wells County, N.D., paid two cents a tail in 1904 and received 120,000 of them!

ABC's of Travel

By BARB CORBIN

DOMESTIC AND INTERNATIONAL

Travel Tips when traveling abroad:

A passport is good only for five years and one cannot travel on an expired passport. To obtain a passport, the following items are needed - Passport application (can be gotten from your local travel agency), 2 regulation size photos and proof of U.S. citizenship.

All this can be taken care of at your county courthouse and a few post offices are set up for this service, but be sure and call first to see who is the nearest to your locale.

A passport is not required for travel to any territory or waters, continental or insular, subject to the jurisdiction of the United States. Once you have your passport, DO NOT put it in your suitcase! Keep it with you all the time.

When traveling abroad, get your international travel inoculations out of the way early. You may have a reaction to some of the shots. Leave copies of your itinerary, complete with phone numbers, with family and office. In case of any special problems or emergencies, the

American Consulate or Embassy in the country you are in is available for assistance or suggestions.

On long distance flights, changing from one time zone to another, almost everyone gets that let-down feeling. One cannot avoid the jet-lag altogether, but the following may help:

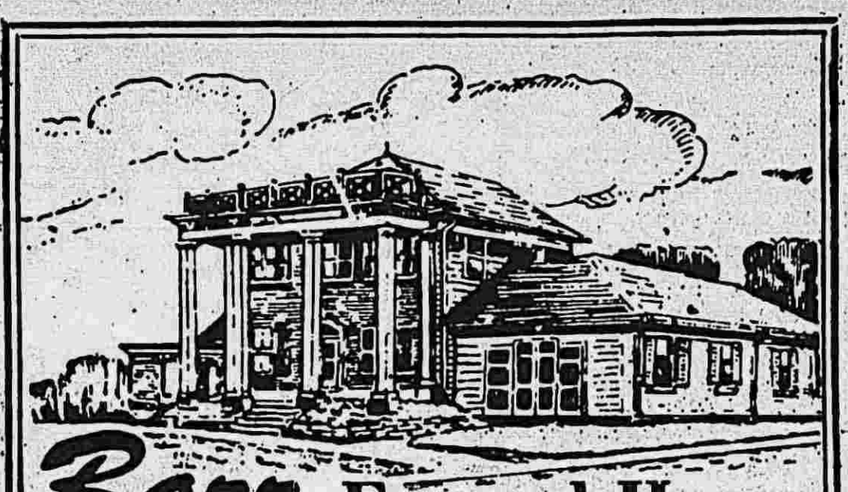

For the men, remove both tie and shoes and try to sleep. The women should not wear anything binding; take along a sweater; the cabins can be drafty and if you're cold, you won't be able to sleep. Drink a glass of water every hour you are in the air. The cabin pressurization causes dehydration, which is a cause of tiredness.

Try to arrange your schedule so that the day after your arrival is free to enable you to rest up after your flight.

This so-called jet-lag can make a big difference on your vacation, so do take care. I know from 13 years of experience.

Cost of Government Has Risen Fastest

Of all the prices that have been driven up by inflation, the cost of government has climbed the most rapidly. The Congressional Joint Economic Committee reports that while food rose 12 per cent and transportation 14 per cent, income taxes by a middle income family rose 26.5 per cent.

Grade School Referendum

additional special education classrooms and music are in portables.)

District 34 applied for assistance from the state Capital Development Board. In turn the board sent a team of men to investigate the details of the Life Safety Survey and enrollment needs. On the basis of this investigation a state grant of $961,560 was issued to District 34, providing the district provide the funding for the remainder of the total program by Oct. 31. The grant was made on the following basis:

The capital Development Board would not permit any money to be spent on the Life Safety work at the Channel Lake School, but did allocate $257,218 toward the other Life Safety work needed.

It then declared the 175 children at Channel Lake and the 93 children in the Oakland portables as children in temporary housing. It then granted an additional $704,342 toward a new school for these children.

THE BUILDING program proposed is as follows:

1. Life Safety work at Oakland, plus a music room and library. ($337,635)
2. Life Safety work at Antioch, plus an additional room and library. ($458,697)
3. A new K-5 building with 19 classrooms, a general purpose room (P.E. & hot lunches) and a library. The 19 rooms include two kindergarten rooms and two special ed. rooms. ($1,465,228)
4. $100,000 contingency fund for unforseeable needs. The sewage and water systems at Antioch both need major repairs. It is impossible to tell exactly the problems which may arise until they are dug up.

PROJECT AMOUNTS are: Oakland, $337,635; Antioch, 458,697; New School, 1,465,228; Contingency, 100,000; Total, $2,361,560. State Grant, 961,560; Local Referendum, $1,400,000.

For two years the schools have been working to get contributions of land or money from potential land developers. At the present time, the district has contribution contracts with two potential developers; Americana, north of Grass Lake Road across from Seven Hills; CABL, Inc. north of the Upper Grade School and west of Tiffany Road to North Ave.

The Americana contract is a cash contribution of $240 per pupil. The CABL contract gives the schools 10 acres of land adjoining the Upper Grade property at the northwest corner of the Upper Grade property.

There now are 161 children from Oakwood Knolls attending Oakland. When the new school is built the Oakwood Knolls children will attend the Antioch school. This will relieve Oakland of the portables and allow for an approximate student expansion of 100.

To make room in the Antioch building for the children from Oakwood Knolls and at the same time free-up the building for some slight enrollment increase, about 175 children from the area west of Antioch will go to the new school.

All of the Channel Lake children will go to the new school. This will still allow for an increase in enrollment of approximately 100 for the new school.

THE TAX increase will be between $2.50 and $3 for each $1,000 of assessed valuation. The equalized assessed value is on each property owner's tax sheets. Multiplying the equalized assessed value on the tax form by .003 would give each home owner the maximum tax increase. (Assessed value is not the same as real value. Sometimes the real value of a home, as estimated by the owner, may be as much as four or five times the assessed value.)

The $2.50 to $3 per thousand dollars of assessed value should decrease some each year as new houses or businesses are added.

Where should people vote? Those in Oakwood Knolls, those living east on North Ave. and those living on Deep Lake Road north of 173 will vote at the Antioch Lower Grade School, even though the pupils attend Oakland. All other voters will vote at the building where the kindergarten through fifth grade children in their neighborhood attend school. (Antioch, Channel Lake, Oakland.)

The polls will open from 9 a.m. to 7 p.m. Saturday, Oct. 18.

Voters can vote in person at the Upper Grade School on any day up to and including Oct. 16 at 4 p.m. Those wanting absentee ballots can call 395-0712 or write 800 Highview Drive, Antioch. Calls or letter requests must be made on or before Oct. 14.

Persons can register at any of the grade schools on any school day, or at the village hall up to and including election day.

The referendum, if passed, will not affect the taxes of many retired or disabled persons, Mr. Meyer said.
